

Auvé ExfoliMoist BodyPolish

"As a devoted practitioner of yoga, I find inspiration in a sacred sutra that helps center me, paraphrased, '...he loves me in whatever he sees. In truth, he lives in me.'

It helps to remind me that no matter how we look or feel, there is innate beauty, unseen in all of us.

With this thought, I created ExfoliMoist Body Polish. Often, we overlook the effects that time and exposure to the elements cause in weathering our exterior. This scrub reveals our beautiful skin within.

People frequently comment that this product 'smells delicious enough to eat.'

I find the refreshing sweetness of this citrus-lime sugar scrub hard to resist, too!"

Angella Sprauve

Auvé ExfoliMoist Body Polish is a brilliant sugar scrub, proven to remove dead skin cells and reveal healthy, supple skin.

Natural oils of sweet lime, grape seed, and hazelnut, combined with a gentle sugar exfoliant, provide a stimulating massage, while vitamin E nourishes the skin.

This unique combination makes ExfoliMoist an incomparable exfoliant with an irresistibly clean, refreshing, delicious scent.

This body polish is most effective on dry skin. It can also be used to smooth and soothe freshly-shaven areas.

Tip for the lips: A small amount can be used to gently exfoliate the lips. This makes lips feel smoother and plumper.

Ten percent of funds from every BodyMilk Moisturizer sold is donated toward Auvé College Scholarships awarded to disadvantaged and underrepresented college students, supporting their academic goals in math, engineering, and science. This scholarship program is affiliated with 501c3 non-profit MESA (National Mathematics, Engineering, Science Achievement). While in college, Auvé Founder Angella Sprauve and her brother were each awarded MESA scholarships that made it possible for them to graduate college and pursue careers in science and engineering.
